

What do sports and music have in common? Find out at the concert while enjoying some epic music including *Entrance of the Gladiators* and the *Olympic March*. A bassoonist in a baseball uniform? A flutist in football pads? See if you can spot our musicians in their favorite sports gear!

Young Peoples Concerts are offered annually for a one-hour daytime concert designed especially for elementary school students. Each program, based on a unique theme, is introduced to the children by the conductor, who explains aspects of the music, using examples and stories about each piece. The concerts are both informative and entertaining.
